FRATERNAL ORDERS IN JOINT SESSION

CHRISTIAN CHURCH ORGANIZATIONS MEET HERE LAST NIGHT

IOWA MEMBERS ATTEND

Sixteen are Initiated — Eighty Men Present at Big Banquet Served at First Christian Church.

Sixteen new members were taken into the Ancient Order of Sikhs last night at a joint session of the orders formed among the men of the First Christian church of this city and of the Christian church of Clarinda, Ia.

The meeting was the first joint session of the order since its organization and the Maryville members were the hosts. A big banquet was served in the church at 7 o'clock by the Ladies Aid society. The dinner program included music by Mrs. Hazel Schnabel's orchestra and a group of five vocal numbers given by Mrs. Fred P. Robinsea.

The order was convened in regular form about 8:30 o'clock with the most of the session being devoted to the initiation of sixteen new members. There are yet fourteen candidates on the waiting list who could not be received last night.

Col. I. E. Stickelman of Clarinda, U. S. Wright, Dick Strong, Clifford Powell, Ralph Masters, J. D. Tebow, Albert Mercer, C. S. Froman, A. D. Strong, Wesley Hagins, Gerald Keefe, Herschel Wiles, W. T. Key, Ed Condon, A. J. Cox and T. J. Penisten of Maryville were initiated last night.

Addresses were made last night by Rev. R. C. Snodgrass Col. I. E. Stickelman and Dr. Sellards, all of the Clarinda order. There were eighty men present at the meeting. The local order has eighty-eight members enrolled at present.

Among those present from the Clarinda order were Rev. R. C. Snodgrass, Dr. J. W. Sellards, Fred Wheeler, Col. I. E. Stickelman, Mr. McClangy, Fred Noble, Dale Morris, Mr. Baker and Mr. McGlasken.

The local Order of Sikhs is growing rapidly. The men of the church and Sunday School are taking a great deal of interest in it and no doubt it will be one of the largest organizations of church men in this part of the country in a short while.

The Sovereign Fraternity, an incorporated body, are to meet soon at which time the constitution for all subordinate orders will be passed upon and upon its being handed down to the local orders, they expect to create similar organizations among the church men in other towns and communities. A charter is to be issued from the Sovereign body to all subordinate orders. A committee is working on a proper emblem for the order and a design for the charters.

The Clarinda order is planning a big meeting in the near future to which the Maryville men received an informal invitation last night.

G. O. P. FIGHT OVER LOWDEN ENDORSEMENT IMMINENT

Numbers of Delegates at Large All Important Question in Republican Convention

Kansas City, May 5.—All important questions when the Republican state convention convened here shortly before noon today was whether Missouri should send four, eight or possibly more delegates at large to the Chicago convention. A hard fight to prevent indorsement of Governor Lowden is in prospect.

The Republican state committee placed the Marks delegation from Jackson County on the temporary roll of the state convention. The state committee also seated the Albus-Boyer-Anderson delegation from Buchanan County. The two rejected delegations will make their big fight today before the credentials committee, and perhaps on the floor of the convention.

JOHNSON CARRIES HOME STATE BY OVER 140,000

General Wood Is 4,794 Votes Ahead of Senator Johnson in Indiana — Many Precincts Still Out.

San Francisco, May 5.—In the most sweeping primary victory ever won by him, Senator Johnson has snowed Herbert Hoover under in the California presidential primaries. On the basis of the returns from two-thirds of the states, 5,729 precincts, it was evident today Johnson's majority would reach 140,000 and possibly 150,000. Johnson's greatest primary majority in the state heretofore had been 16,000.

Indianapolis, May 5. — Twenty-one hundred and forty precincts out of the state's 3,287 precincts gave Wood 56,910; Johnson 52,016; Lowden 24,852; Harding, 13,428. Wood's plurality is 4,794. A number of precincts in the industrial centers claimed by Johnson are not yet heard from.

Indianapolis, May 5.—Returns from more than half of the precincts in Indiana show General Wood leading Senator Johnson by somewhat more than 6,600 votes in yesterday's statewide primaries. Wood received in 1,851 precincts 45,491, Johnson 38,856, Lowden 20,800, Harding, 12,918.

General Wood was colonel of the Rough Riders in Spanish War days, but Hi. Johnson and Bill Borah are of the opinion that he is now tractable enough to "stand hitched."

VOTES DOWN SCHOOL LEVY SECOND TIME

WILCOX SPECIAL ELECTION LOSES PROPOSITION.

MAY CALL THIRD VOTE

Unless Levy Carries There Will be no School in Rural Consolidated District This Year.

The levy of 45 cents for school purposes for the Wilcox consolidated district was defeated by the voters of that district by one vote in the special election held yesterday. The vote was 81 against to 80 for.

Unless a levy of that amount is had no school will be held in this consolidated district during the coming school year. The district is entitled under the law to 40 cents but this is not sufficient to maintain the schools in that district.

It is thought that another election will be called before July 15, as that is the last date so as to extend the levy on the tax book.

The election held yesterday was the second one to be held to vote on the school levy. The first one held at the school election the first Tuesday in April resulted in the voting down of the levy by a majority of 18. Those who were opposed to the consolidation in this district were very active in their opposition against the school levy.

There is some talking of maintaining a rural high school at Wilcox by popular subscriptions. Schools in the rural districts of the consolidating district cannot maintain school by popular subscriptions in the school buildings unless by consent of the voters.

COLLEGE ESTABLISHES DEGREE COURSE OF STUDY

Will Organize Curricula Leading to Award of Degree of Bachelor Arts and of Science.

Beginning September 1, 1920, the State Teachers College will organize from the courses now given by its present departments, curricula leading to the award of the degrees of Bachelor of Arts and Bachelor of Science in addition to the present courses leading to the degree, Bachelor of Science in Education, the College continuing to place its maximum emphasis upon the latter course which is designed to train individuals for life participation in the various phases of public school work, such as kindergarten-primary, upper grades of the elementary school, rural schools various phases of high school teaching and supervision and administration. The work of the College is broad enough and intensive enough that the above courses can be arranged without additional expense or teaching force.

Both the professional degree and either of the two mentioned above may be secured by presenting slightly more credits than are required for one of them. The advantages to the students within the territory of the Northwest Missouri State Teachers CoCllege should be apparent at once. The content of the work required for these additional degrees will parallell and be equal to that offered in any other standard college.

PRESENT CONGRESS HAS SORRY RECORD

Has Been in Session Almost One Year—Has Accomplished Nothing Constructive.

Washington, D. C.—Only about thirty working days remain of this session of congress, if the plan of the Republican leaders for a recess or adjournment early in June is followed.

Three or four appropriation bills must yet be considered by both the house and senate; the house ways and means committee is endeavoring to formulate a program for adjustment of the pay of returned soldiers; the house committee on immigration is considering the advisability of adding to the restrictions of the existing immigration law, and the senate has before it the proposal to create a budget system. This is about all the work it appears congress will attempt to dispose of.

Granting that budget legislation will be approved and that a bill for adjusted compensation for soldiers will get through, the record for thirteen months of this congress will be:

Passed annual appropriation measures, which must be enacted yearly for the government to function and which should not require more than two months of the time of any congress.

Passed railroad bill, which actually held the attention of congress as a whole about ten days.

Budget legislation, which should not require more than two weeks.

Soldier adjusted compensation legislation, which should require not more than one week.

In all, the work done by this congress should not have required more than five months of real and sincere effort. But thirteen months of congress, divided in two sessions, will have been required to pass this legislation.

Of course, the Congressional Record will be filled with discussions of private bills, etc., but it will be "quantity record," and is really a record of problems avoided and of almost complete success in the plan to do nothing. This was the plan of the Republican leaders when this session was convened, because of the desire, for partisan reasons, to postpone consideration of all important matters until after the November election.

From good Republican authority comes the admission that the congress has done nothing. In a speech on the floor of the house recently Representative Fuller of Massachusetts expressed the fervent wish that his party might be cured from the attack of "sleeping sickness" which he declared it has suffered from ever since it came into control of both branches of congress. He declared that it had done nothing constructive, but had devoted the larger part of its time to criticism of the president.

Mrs. Eliza Angell went to St. Joseph this morning.

COLLEGE ENLARGES MUSIC DEPARTMENT

TAKES OVER MARYVILLE CONSERVATORY BEGINNING SEP. 1

KEEP PRESENT QUARTERS

Down Town Studio to be Retained — President Richardson to Secure Teachers for All Departments.

In its endeavor to make the music department highly efficient and to centralize the music activities of the community, the State Teachers College announces that on September 1, 1920, it will take over the equipment of the Maryville Conservatory of Music. Arrangements are under way for the retention of the present quarters of the Conservatory, and a material enlargement of the activities which have been presented to the music lovers of Maryville by the Conservatory.

The College has announced previously its intention of extending the work now included in its department of music which up to the present has confined its activities to instruction in phases of public school music with courses in the history and appreciation of music. The plans under which the College is now working include the expansion of this department so that instruction will be given in piano, voice, violin, band and orchestral instruments, and the department's work sufficiently extended so that students may specialize in the field of applied music and receive a standard Bachelor Degree by meeting the standard requirements for either of the degrees offered by the College. All students however, will not be required to enroll as candidates for a completed course as the College will receive many as special students in this department. These special students will take whatever phase of work they wish, and for as long a time as they wish.

The College is now at work gathering together an adequate staff and its purposes include the building of a department of music which shall compare favorably with the College or University department and conservatories. This step will be of material advantage to the students of the College in that they can now take various phases of music as a part of their regular program and receive credit for their work toward certificates, diplomas, and degrees. President Richardson is now considering the applications of several well qualified men to serve as Dean of the Department of Music.

CITY COMMISSIONERS CHANGE ADMINISTRATIVE ORDINANCE.

At the regular monthly meeting of the city commissioners held last night a special ordinance was drafted combining the duties of the city marshall, city clerk and city assessor, and prescribing the duties to be performed by that officer. The ordinance makes practically no change in the city administration. The present holder of the office, appointed last month, is E. E. Tilton. The remainder of the session was devoted to the allowance of bills and routine business.

Dr. Lorace Catterson of Duluth, Minn., will arrive in Maryville about the middle of the month for a visit with his mother, Mrs. Louisa L. Catterson.

Mrs. M. Carter of Burlington Junction spent the day visiting friends in Maryville today.

CITY BAND ORGANIZED WITH OVER TWENTY MEMBERS

President of C. of C. Explains Attitude of That Body in Supporting Musical Organization.

Over twenty local musicians met last night with Prof. C. D. Kutschinski, the newly engaged director and laid the initial plans for the organization of a city band.

G. L. Wilfley, president of the Chamber of Commerce, and several members, met with the band men and Mr. Wilfley made a talk, explaining the attitude of the Chamber of Commerce in cooperating with the State Teachers College in securing a director for a band, the value of such an organization to the community and the desire of the Chamber of Commerce to support and aid the band to the end that it would become one of the finest in the state. There is considerable high musical talent among the men of Maryville and Mr. Kutschinski is very much gratified with the outlook at present.

Two committees were appointed last night, one on drafting a constitution and by-laws, which is composed of Lee Cannon, Loren Schnabel, Albert Kuchs and C. D. Kutschinski, and one on nomination which includes Ed Schumacher, Paul Basford and Oliver Bovard.

At the next meeting, to be held Tuesday night of next week in the band rooms on the south side of the square, officers of the organization will be elected. The Chamber of Commerce is planning to serve a luncheon to the men at this time and members of that body will also be present to aid in having a general enthusiastic start for the new band. A number of other musicians have announced their intention of being present next Tuesday night and the prospects are fine for an unusually large membership. A try out rehearsal was held last night after the business meeting.

DOCTORS DENY TEETH HIDE GERMS THAT CAUSE INSANITY

Ohio Specialists Disagree With the Theory Advanced by Well Known New Jersey Scientist.

Cincinnati, Ohio.—Local specialists are not ready to accept the theory recently proclaimed by Dr. Henry A. Cotton, New Jersey scientist, that insanity is due oftener to a very poisonous germ at the base of the teeth or in diseased tonsils than to diseases of the brain.

"The theory is too new to be practical," said Dr. Sidney Rauh, of the public school dental clinic. "There are some cases of insanity arising from infected teeth, usually the wisdom teeth, but these cases are of mechanical origin rather than due to a germ."

"I am sure if Dr. Cotton has found insanity originating in bacteria of teeth, or tonsils, these examples are only a small percentage," declared Dr. Emerson A. North, superintendent of Longview Hospital.

"Degeneration of the cells of the brain is the usual theory of insanity's origin, but degeneracy of some other part of the body may cause insanity," commented Dr. Louis Stricker, in charge of the Hamilton County pension fund for the blind. "I am not prepared to say the teeth, or tonsils are often responsible," said Dr. Stricker. He believed the new theory is a phase of a current fad for ascribing most of the body"s ills to diseased teeth.

Mrs. J. A. McLean of Savannah returned to her home today after a five days visit in Maryville with her sister, Mrs. Fred DeMoss. Miss Mary Margaret McLean and Miss Dorothy Limerick, who were week end guests at the DeMoss home, returned to Savannah Monday morning.

Free Yourself From
"The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. July 4th Union Patriotic.

The young folks inaugurated their special services last Sunday night by giving a musical program or orchestra numbers, organ numbers by Miss Ola Smith, and vocal numbers by the church choir, the junior choir and a big chorus of young people. Miss Velma Neal also gave a solo. A splendid program is being arranged for the coming Sunday night, when the high school students will be invited to come in a body and seats will be reserved for them. The students will be free to carry their class enthusiasm into the service and express their class spirit in their songs and yells.

Kihl Kare Club Kills Care.

The members of the Kihl Kare club enjoyed their usual fancy work hour and a social evening last night at the home of Miss Daisy Allen on East First street. One visitor, Mrs. Ed Zimmerman, attended the meeting also.

Social Meeting.

The Women's Foreign Missionary Society and the Young Women's Foreign Missionary Society of the First Methodist church held a joint meeting and reception last night in the church parlors for about thirty new members who have joined one of the societies. Each society was well represented and an interesting program was given. The latter consisted of reports from the Missionary Society Convention held at Burlington Junction several weeks ago, which were given by the president, Mrs. Walter Mutz, Mrs. F. M. Compton, Mrs. Charles Gaugh, Mrs. O. C. Hanna and Miss Edna O'Neal. Mrs. Elmer Baker, the new district president, spoke on "Our Goal." Miss Kate Willis told something of the Des Moines branch of literature and a vocal duet was sung by Dr. Jessie Clark and Miss Margaret James. A story of the Student Volunteer convention held at Des Moines, Ia., last December was given by Miss Olive DeLuce. Devotional services were lead by Mrs. Gilbert S. Cox. A social hour and refreshments followed the program.

M. I. Circle.

The members of the Mutual Improvement Circle met yesterday afternoon at the home of Mrs. J. C. White in the northwest part of Maryville. The president, Mrs. Walter Mutz, opened the meeting by conducting the devotional exercises. Roll call was answered by the naming of poets and the reciting of quotations. An interesting letter written by Mrs. I. B. Coler of Fort Collins, Colo., until recently of Maryville, was read to the Circle. A program about the life and works of several poets was lead by Mrs. J. J. Heifner. Mrs. Heifner gave a biography of William Cullen Bryant and read two of his poems, "Thanatopsis," and "Innocent Child and Snow White Flower." Mrs. Robert Lyle followed with a biography of John Greenleaf Whittier and recited "Maude Muller." After the interesting talk of Whittier, Mrs. W. A. Bailey recited, "When First I Saw Fair Jeanie's Face," by Robert Burns. Mrs. R. H. Duncan gave "Open the Door of Your Heart," and read an informing paper on "Women in the Fine Arts." Mrs. Eugene Ogden read a poem written by Eugene Fields which concluded the program for the afternoon. Miss Laura White was the only visitor who was present at the meeting.

Circle Meeting.

Circle No. 1 of the First Baptist church Auxiliary met last night at the home of Mrs. C. H. Coe, 321 E. Lawn Avenue. The meeting was opened with prayer given by Mrs. K. R. Malotte. The chairman, Mrs. D. D. Miller, presided over the business session which followed. Plans were made at this time to further increase the activities of the various departments, especially the work of the Benevolent and Aid committee and that of the Enlistment committee. An interesting letter from Miss Beswick was read by Mrs. E. B. Woodward, president of the Women's Auxiliary. Devotional exercises were conducted by Mrs. C. L. Gann. With the mission study leader, Mrs. J. A. Speirs, in charge, the following program was given:

Piano Solo—Miss Hettie May Woodward.

Reading—"A Look at the Mother-Half of the Race," Mrs. D. D. Miller.

Poem—"Missions and Lace," Mrs. I. E. Tebow.

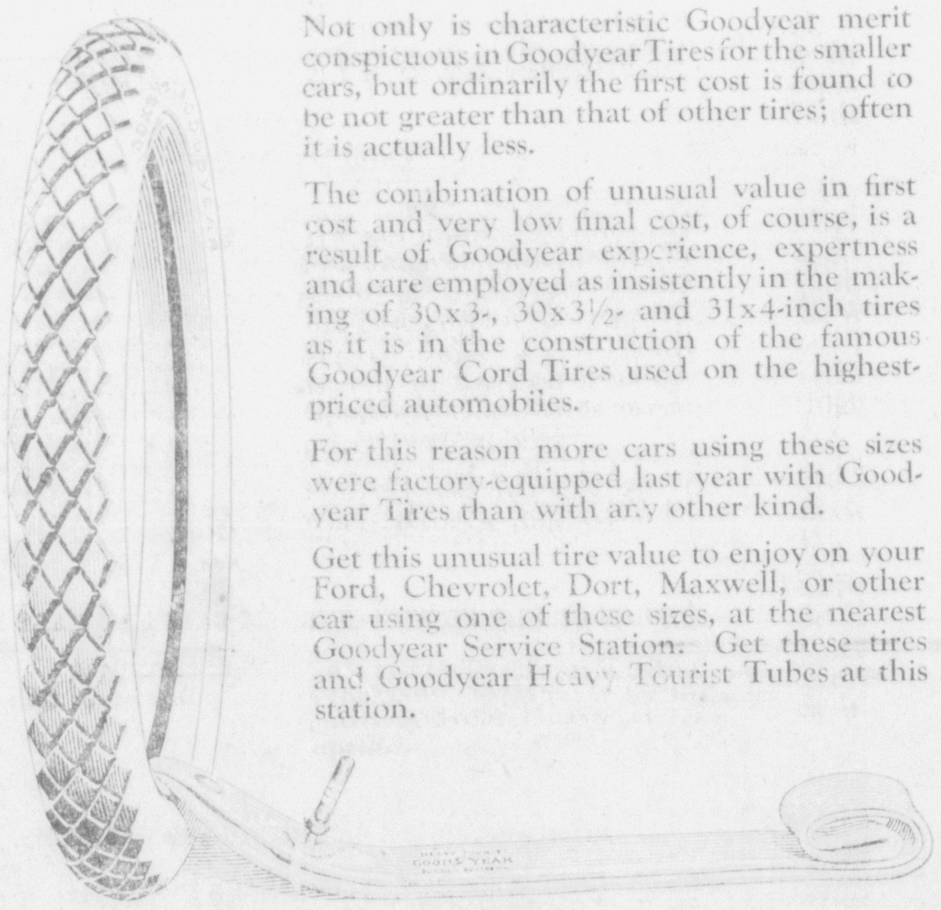
Punch was served during the afternoon and several musical selections were given.

Y. W. C. A. Meeting.

The Young Women's Christian Association of the State Teachers College held their regular monthly meeting this morning. Instead of having a program, the meeting was turned into a business session. It was decided by the members to give a May morning breakfast on Saturday morning, May 15, providing enough of the students would support it and express their willingness to attend. Otherwise, the May morning breakfast which has been an annual event at the College for a number of years, will not be held this year. Other plans made at the meeting were not disclosed.

Clifford Ault left this morning for Columbia where he will attend Journalism Week of the school of Journalism of the University of Missouri.

Unusual Value—In Tires for the Smaller Cars



Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $4.50

POLITICAL NOTES.

Fair-minded Republicans admit, as all of them know, that the cost-plus contract basis employed by the War Department during the war was the only way by which army camps could be constructed in time to meet the needs of the fast-growing army in the fall of 1917. As declared by Senator Sterling, Republican, in the senate recently, it was the only way in which results could be produced quickly. Under the stress of war, the American people wanted quick results, and cared nothing about cost, so long as it meant the saving of the lives of American youths.

After spending nine months investigating the building of army camps, the house Republican subcommittee asked the Department of Justice to make another investigation. Not finding any specific instances of wrongdoing, it now asks the department of justice to do what it could as easily have been asked to do nine months ago, and without the expenditure of thousands of dollars incurred by the committee.

The Republican keepers have done nothing to remove the Newberry "white elephant" from their menagerie.
